Extend machine life with **HPMP**

Hitachi Preventative Maintenance Program

Preventative maintenance

Hitachi Construction Machinery Australia (HCA) provides services to support our Hitachi, John Deere and Bell range of construction, forestry and mining equipment.

HCA is not only committed to supplying quality machinery — we strive to ensure your machine performs to the highest possible standards, maximising your productivity, reducing costs, extending machine life and ultimately increasing the return on your investment.

To keep your equipment at it's most productive, HCA has a national network of branches, with fully equipped workshops and highly trained staff, experienced in maintaining your equipment.

We also offer you the option to keep your equipment serviced and repaired onsite by experienced field service technicians. Our factory trained technicians offer the full range of services from routine planned maintenance through to major component replacement.

Equipped with the latest diagnostic tooling, our people are genuine experts when it comes to Hitachi, Bell and John Deere construction, forestry and mining equipment.

The HCA service team is firmly focused on achieving the highest level of reliability for your machine. Our service technicians regularly participate in industry accredited training to ensure they are well informed and skilled in the latest procedures and techniques.

HCA's professionally trained service technicians put you and your business first, making our service and support team available to offer detailed advice and machine support when you need it most.

Our experienced workshop team and field service technicians are backed by our dedicated product support specialists who can provide expert advice and factory backed technical support for our full range of machinery.

We quickly diagnose problems and promptly complete all repairs and servicing to factory standards ensuring reduced downtime and increased productivity for your machine.

The HPMP is designed to help you reduce costs while making the most out of your equipment, through a comprehensive preventative maintenance program utilising the HCA service and support network.

HPMP (Hitachi Preventative Maintenance Program) overview:

The HPMP comes with a free Powertrain warranty extension to four years — 8,000 hours (or four years — 4,000 hours for selected light equipment models). You will receive a fixed price for the term of the agreement so you can know your costs. We will provide you with all your standard planned maintenance services including approved lubricants, labour and genuine parts for the Powertrain warranty period at fixed prices for the term of the agreement.

You will also receive discounted rates for all retail repairs over and above the scheduled planned maintenance services. Plus get up to 200km free travel for warrantable repairs within the extended warranty period (excluding selected light equipment).

Inclusions:

- All standard HPMP services (including manufacturer's approved lubricants, labour and genuine parts) for four yrs/8,000hrs (or four yrs/4,000hrs for selected light equipment models).
- All services will be performed in a 12-hour period, Monday to Saturday.
- Fixed price for term of the agreement.
- Discounted rates for all retail repairs over and above the scheduled HPMP Services.
- Free Powertrain warranty extension to four yrs/8,000hrs (or four yrs/4,000hrs for selected light equipment models).
- Up to 200km free travel for warrantable repairs within the Powertrain warranty period, excluding (selected light equipment models).
- Oil analysis and condition monitoring of major components.

Talk to your sales representative today to find out more about how a HPMP could benefit your business, or call us on: **1300 HITACHI.**

Cost effective

Problems are discovered in their early stages, while they are still minor repairs, before they affect other machine parts and become costly, major repairs or cause catastrophic failure.

Extended warranty

Experienced technicians perform your maintenance work using quality, genuine parts, that's why we can confidently offer free extended Powertrain Warranty.

Longer machine life

Regular maintenance increases the life of the machine and improves productivity.

Discounts on repairs

Receive discounted rates for all retail repairs over and above the scheduled planned maintenance services.
